

## Assignment 2

1. Ask the user to enter phone number
2. Use the for loop and find the sum of individual digits, repeat the sum of digits until you get single digit as sum

Ex: Phone Number : 9123456789

$$9+1+2+3+4+5+6+7+8+9 = 54$$

$$5+4 = 9$$

The Sum of digits of entered phone number is: 9
